Dear Mr. Kappel:

On behalf of Bob Patrick, President, and all the members of the Canadian Dam Association / Association canadienne des barrages (CDA/ACB), I have the honour of forwarding to you your 2017 CDA Published Paper Award of Excellence.

While it was unfortunate that you were unable to attend the 2017 CDA / ACB Awards ceremony to receive this in person, please be assured that CDA / ACB members and industry professionals from across Canada recognized you and your co-author for the excellent paper *Updating PMP for the Elbow River: Complex Terrain, Unique Solutions*.

Congratulations and CDA / ACB wishes you continued success.

Sincerely,

Don Butcher  
Executive Director
